

Career Session with IRTG Alumni

We are very pleased to invite you to our first IRTG Alumni Meeting at our annual Summer School in Mittelwihr.

The meeting will take place on July 12, 2018, starting around 2.45 pm with a session on career pathways after the PhD.

Our former PHD students Patricia Davidson, Melanie Eichhorn, Asad Jamal and Adrian Wolf will report on their professional career after leaving the IRTG and will share their experience with the current PhD students.

Questions will be answered after the talks in a private (meaning just two people face-to-face) and informal setting to create a trusting atmosphere and to make it easier for the participants to ask questions (if the alumni agree, it could even become some kind of guidance/counseling situation).

Each alumna/alumnus who will be asked questions, will be assigned a place (in the garden if the weather is kind:)).

We will display the alumni profiles together with a timetable for the private talks (five minutes per participant) at the summer school venue, so that the interested participants can register in the list.

After the talks and private Q&A sessions we will have an **aperitif accompanied by French chanson music and followed by some delicious food during a cosy and relaxed get-together** with time for exchange, discussion and networking.
